

Dear Resident(s)

Your address has been selected for the **Crime Survey for England and Wales**.

This survey asks people living in England and Wales whether they have been affected by crime or anti-social behaviour, and their opinions about the police and the criminal justice system.

Taking part will help *your* household

Your contribution to this study is essential for producing information about the extent of crime in England and Wales, which is used to help reduce crime and make communities safer.

We need to interview someone in *your* household

The survey is carried out by Kantar Public (an independent research organisation) on behalf of the Office for National Statistics

An interviewer will visit your address in the next few weeks to arrange a convenient time for an interview. If you would like to arrange a time to suit you, or if you have any questions please call freephone 0800 051 0882 or email crimesurvey@kantarpublic.com. For more information, you can also visit the survey website at www.CrimeSurvey.co.uk.

Our interviewers are available during the day, in the evenings and at weekends and carry an identity card. Please show this letter to other people in your household in case the interviewer visits when you are not at home.

We value *your* contribution

We rely on people's help taking part in the survey to produce important statistics about the crime in England and Wales. Everything you tell us is treated as confidential.

Thank you in advance for your help.

Yours faithfully,

Glen Watson
Director General, Office for National Statistics
